

Senior Center Announcements

October 8, 2025

- Procedure for registering for senior classes
 - There are four sessions: Spring, Fall, Winter, and Summer
 - Two weeks before the session begins, the registration process begins. You will need to sign up to register each session. Senior staff will be able to register you each time.
 - A list of classes will be provided two weeks before the class begins, this gives you time to look over the classes to decide which classes you are interested in.
 - Classes do have a maximum for the number of participants that can be enrolled. This is for safety reasons because the classrooms have a size occupancy. Once a class reaches the maximum, anyone interested in the class will go on a waitlist. The waitlist means you are waiting for a spot. The waitlist is only formed by registering through the front desk. If you are on the waitlist and a spot opens up for you, staff will alert you and let you know that you are now registered to attend the class.
 - We do take attendance and if three days are missed from a class, you may be dropped. If you are sick or have a vacation coming up, please let us know. This way, we will know why you were not in class and can possibly save your spot. It is important for you to communicate with us. Our classes are very popular, and we want to make sure that we have space for everyone to attend.
 - Right now, we do not offer any drop ins on classes. That may be something that can be offered in the future. But currently, please only enter the classes that you have enrolled in. If you are interested in a class and want to learn more about it, you can ask staff.
 - We are unable to automatically sign people up. We know you like your classes and want to keep attending the same classes but come and let us know each session. We will register you if there is space. We have new people joining the center, so we want to make sure everyone has the ability to join any class that interests them. So, everyone has to participate in the same registration process.
 - We are always here to help. Ask staff in the office if you have questions.

-Clase Registro

- Tenemos cuatro sesiones al año: Otoño , Invierno , Primavera y Verano
- Dos semanas antes de cada sesión, abrimos el registro.
El personal del programa puede ayudarle a inscribirse.
La lista de clases se entrega dos semanas antes de que empiecen, para que pueda decidir en cuáles quiere participar. Siempre tratamos de agregar una clase nueva cada sesión.
- Cada clase tiene un límite de personas por seguridad.
Cuando una clase se llena, puede entrar a la lista de espera.
La lista de espera solo se hace en la recepción
Si alguien cancela, el personal llamará a la siguiente persona en la lista.
- Si falta a tres clases seguidas, puede ser dado de baja.
Por favor, avise si se enferma o no puede venir. Así sabremos el motivo y podremos guardar su lugar.
- Por ahora no hay clases sin registro ("drop-in").
Solo pueden entrar las personas inscritas.
Si tiene interés en una clase popular, el personal puede hablar con el maestro para ver si se puede abrir otra.
- No podemos inscribir automáticamente.
Debe registrarse en cada sesión.
Así todos tienen la oportunidad de unirse a las clases.
- Siempre estamos aquí para ayudarle.
