

CERTIFIED STATEMENT OF ARCHITECT OR ENGINEER

Public Works
701 Laurel St., Menlo Park, CA 94025
tel 650-330-6780

Purpose

If a construction project is a FEMA substantial improvement the City will require that a certified statement be submitted along with the building permit application and plans. The statement may be on the plans or in a separate letter to the City Engineer.

Statement

The statement shall be from the licensed architect or engineer, and it shall say:

"I certify that:

- I am the engineer (or architect) of record.
- I have read the entire City of Menlo Park Flood Damage Prevention Code (Chapter 12, Section 42), and specifically 12.42.51 Standards of Construction.
- The plans submitted with the building permit application comply with the City's Flood Damage Prevention Code. OR The plans dated _____, submitted on _____ comply with the City's Flood Damage Prevention Code."

Signature and stamp

Standards of construction

- City's Flood Damage Prevention Code (Menlo Park Code 12.42.51 and 12.42.52). - <https://ecode360.com/47073111>
